~~Bolted Connections~~

- In AISC 360-10, a shear plate connection checked punching shear in the HSS wall per equation K1-3. In AISC 360-16, punching shear of the HSS wall is now checked with equation 10-7 in Part 10 of the 15th Edition Steel Construction Manual. This section of the Manual states that as long as the HSS wall is not a slender element, plastification ...

~~Structural Section ...~~

Recently, we presented two webinars detailing the provisions of Chapter K in AISC 360-16 and how those changes affect HSS connection design. Attendees were invited to pose their questions, and we have included answers to the most common ones here. Q: Can we see the derivation of the yield line theory equation given in the Manual, equation 9-30?

~~Aisc Hss Connections Manual~~

applicable limit states, whether or not a particular limit state controls the design of the member or connection. In addition to the examples that demonstrate the use of the AISC Manual tables, design examples are provided for connection designs beyond the scope of the tables in the AISC Manual. These design examples are intended to

~~Steel Construction Manual | American Institute of Steel ...~~

Hollow structural sections (HSS) continue to surge in popularity due to benefits such as design versatility, high strength-to-weight ratio, and increasing availability. To ensure engineers, architects, fabricators and anyone involved in structural steel have a complete technical resource for using HSS, we have created the HSS Design Manuals.

Section Connections, addresses bolting and welding issues for connections involving hollow structural sections (HSS), as well as providing design provisions for various configurations of HSS connections and the applicable limit states.

~~COMPANION TO THE AISC STEEL CONSTRUCTION MANUAL~~

Yes. AISC's 13 th Edition of the Steel Manual is written based upon the 2005 AISC Specification for Structural Steel Buildings and provides design aids and charts for commonly used structural shapes: those listed in ASTM A6/A6M as well as hollow structural Sections [HSS] (square, rectangular, and round). This coverage is not intended to exclude ...
