Circle Theorems - DrFrostMaths.com

I really cannot do maths. It has always been my weak subject. Can someone help me on how to do these? They are questions off my maths, but i have done them about 20 times now and haven't got a single one right.

Help with circle theorems - The Student Room

MyMaths is an interactive online teaching and homework subscription website for schools that builds pupil engagement and consolidates maths knowledge. It is used in over 70 countries by approximately four million students each year!

app.mymaths.co.uk

A set of resources to use for teaching circle theorems. Students create their own notes by labelling each diagram properly, and describing each theorem. There are then three questions under each theorem to have a go at. I pulled this together from a few different places - MyMaths being the main one (this is where the questions on each page came ...
