Diary of Wombat is also formatted properly so it takes up the entire screen in landscape mode, so is like reading an actual physical open book where you see both the left and right pages at once. The text and illustrations therefore appear on the pages together like they should, unlike a lot of Kindle picture book authors which just display like a mess.

Completely endearing. The story itself is enough to make anyone love wombats. This wombat's diary does well to give some human characteristics to this wonderful animal but also manages to keep the wombat's natural characteristics intact. The illustrations are adorable and the layout of the book itself is charming.
