Django 1.2 E-commerce - O'Reilly Media

Beginning Django E-Commerce is now over two years old, so a lot of the email I get is from people who want to read the book, but who are asking how relevant the book is. The good news is that most of the book can still be used to learn how to put a project together. That was my intent in writing the book, and while a few things have become outdated, it seems to have held up relatively well ...
