A History of Philosophy is a history of Western philosophy written by the English Jesuit priest Frederick Charles Copleston originally published in nine volumes between 1946 and 1975. As is noted by The Encyclopedia Britannica, the work became a "standard introductory philosophy text for thousands of university students, particularly in its U.S. paperback edition."

ECLECTICISM, a term used specially in philosophy and theology for a composite system of thought made up of views chosen from various other systems (from Gr. EK)4yW, I select). Where the characteristic doctrines of a philosophy are not thus merely adopted, but are the modified products of a blending of the systems from which it takes its rise, the philosophy is not properly eclectic.
