To set the timing on a Chevy 305 engine, locate the timing mark near the harmonic balancer. Turn the crankshaft with a ratchet until the timing notch is visible. Attach a timing light to spark plug one and the battery, disconnect the vacuum advance hose from the distributor, and loosen the distributor hold-down slightly.

SOURCE: timing marks on 2002 2.4 litre engine. They'll usually be offset just a hair, and I mean a hair. If it's a tooth off, it's wrong. Make sure the mark on the oil pump is lined up with the MARK on the gear, not the tooth. I think the mark is actually lined up with the trailing edge of the tooth. Posted on Apr
