Fiat Tractor Engine

Fiat Trattori S.p.A. was a Fiat group company founded in 1919. Fiat Trattori was a constructor of agricultural equipment, and tractors in particular. Over its decades of history it established itself as Italy's leading constructor and one of the biggest in Europe; in 1991 it took over Ford New Holland and adopted its name to increase its status on the world markets.

Diesel tractor engines have several advantages over their

Access Free Fiat Tractor Engine

gasoline-powered counterparts. A diesel engine does not have the spark plugs, rotors or even a carburetor as a gasoline tractor does. This means less parts to wear out. These engines also offer better fuel economy. However, as with most heavy equipment,
