Design your best gardens ever with our eye-catching tips, ideas and plant recommendations. Consider the factors that will affect how your garden will grow — sunlight, shade, wind, drainage, access to water, foot traffic patterns — and the balance between lawn, shrubs, flowers and vegetables. A landscape analysis that considers these and other factors is an important first step in garden planning.

...

One wall or single wall A one-wall or single-wall kitchen has all its work centers along one wall. This is the least efficient plan, but a necessity in smaller homes and apartments where space is limited. Corridor or galley Similar to the one-wall plan, but better suited for cooking, is the corridor or galley plan.
