## FAQs | Haag Certified Inspector

The granules are the wearing surface for the roofing and the loss of granules from asphalt shingles is expected over time. But

# Download Ebook Haag Composition Roof Damage Assessment Guide

what role does hail play? As noted within the pages of Haag's Composition Roofs Damage Assessment Field Guide, the short answer is that, yes: the impact of a hailstone may dislodge granules from the shingle.

---

## Register | Haag Certified Inspector

The Haag Certified Inspector program for residential roof inspectors (HCI-R) will help you build on your knowledge of damage assessment to residential (steep slope) roofs by teaching you Haag's inspection and damage assessment methods.

---

## Haag Certified Inspector
