How To Set The Time On The 7000E  
Follow. The 7000E calculates worked  
time between punches and accumulates  
totals on the card for a pay period. For  
this to occur, the time recorder must be  
accurately set with the time. When  
changing the time on the 7000E, it is  
recommended that the time be changed  
at the beginning of the pay period  
before ...
