umps for Johnson, Mercruiser, Mercury, Volvo Penta with Sterndrive Replacement.

## **How to Operate Tilt and Trim**

Trim and Tilt units are very complicated pieces of equipment and anyone with a spanner wrench can change a seal but thats just a patch job. It is very hard for your local shop to properly clean and service the internals of these units and both polish everything inside and out to ensure a long life.

Keeping your boat in good trim improves performance and makes a smoother, dryer ride. This all adds up to a better time boating. Keep your Mercruiser powered boat's tilt and trim system working well with replacement parts from our online shop.

## **Troubleshooting: Drive Trims down but not up | Marine ...**

Mercury Outboard Trim and Tilt. Having power trim and tilt on your boat's outboard motor can help in a variety of situations. You can get your motor's propeller in the right position so that your boat can be more efficient at getting around, whether it's in marine or fresh water. Trim and tilt will also save you energy and time when you're taking your boat in and out of the water.
