Klavs F. Jensen - MIT Chemical Engineering

Our graduate students are the biggest pool of talent on campus — and the engine of MIT's innovation. Whether you're headed for an academic research career, or you want to develop an innovation that will transform the future, you should know one thing: deep technology and science-based engineering are at the heart of everything we do.

Education: Graduate | MIT Department of Mechanical Engineering

MIT's Department of Chemical Engineering offers three graduate degree programs — PhD, PhD CEP and MSCEP. MIT admits students for the Fall term each year; there is no January or June admissions. We are excited to launch the ChemE Application Mentorship Program (ChAMP)! ChAMP is a volunteer-based student mentoring program which aims to assist applicants from communities that have been historically underrepresented in higher education, including students from groups underrepresented in STEM ...
