Advances in Neonatal Care continues our tribute to 20 years of successful publication and begins with our newest special series dedicated to Palliative Care in the neonatal arena. While most of us don't want to think about babies dying in the NICU, it does happen, and we need to optimize care for the infant and their family during this difficult time.

Neonatal Intensive Care

Newborn babies who need intensive medical attention are often admitted into a special area of the hospital called the Neonatal Intensive Care Unit (NICU). The NICU combines advanced technology and trained health care professionals to provide specialized care for the tiniest patients. Related
