Welcome to Release 12.1 of the Oracle Spares Management User Guide. This guide is designed for users, administrators, and implementers, of the Oracle Field Service Spares Management application. It assumes that you have a working knowledge of the principles and customary practices of your business area, along with specific application knowledge of the Oracle Field Service suite of products.

Oracle Apps Supply Chain Management User Guide
Has anyone created a Supplier Portal guide/manual that can be sent to suppliers for learning or training purposes? Since the layout in Fusion is globally uniform I was hoping that I would not have to start from scratch on developing the guide? Would any customers be willing to share their guide or portions of their guide?
