Glencoe Physical Science Notebook Answer Key
Course Description: The main topics covered include the earth's origin, composition, and structure; plate tectonics and the Hydroplate Theory; rock cycle; landscape evolution; geologic time; earth history; environment relationships; weather and climate; matter and energy cycles; and human impact. The second semester will cover topics in the study of astronomy and cosmology.

Science - Glencoe
The instructions given in the book lay out an easy-to-follow plan for setting up, creating, and maintaining an interactive notebook for physical science. The lessons cover units of study in matter, forces and motion, and energy. This interactive approach to diagramming science concepts gives students many opportunities to create models and demonstrate their knowledge through artistic creation, labeling, and verbal explanation.
