Krieger 5th Edition
Volume 1

David Halliday was an American physicist known for his physics textbooks, Physics and

Fundamentals of Physics, which he wrote with Robert Resnick. Both textbooks have been in continuous use since 1960 and are available in more than 47 languages. Robert Resnick was a physics educator and author of physics textbooks. He was born in Baltimore

Physics, one was Fundamentals of Physics, which is updated by Walker but I feel that it's a very diluted book and not as good compared to the other. The second was Physics for Students of Science and Engineering which was updated by Krane, it's great for studying Physics as it takes a conceptual approach to the topics.
