My old receiver was rated at 15 watts per channel and weighed 18 pounds. Today, I'm reviewing a Pioneer VSX-816 AV receiver (SX still sells) with 110 watts times seven. At 20.3 pounds, it's put on some weight, but what a difference a couple of pounds can make. Even at \$299, the VSX-816 is a feature-laden overachiever.
