Very soon after publishing the SAP SRM Advanced EBP Cookbook
in April 2005, I realized that there is a great need for easy to
access, easy to read information about SAP SRM's Catalog
management tools. This book is the an swer to the many
requests for information about catalog content management tool
from SAP and also requests for information about the software
from Requisite, which is ...~~

This is literally an advanced cookbook. This book is NOT an overview of SRM, rather, it is composed of a configuration guide and also it has a troubleshooting guide. So, I'd say it is intended for someone who is implementing SRM rather than someone who needs an overview of the product. If you need a configuration guide, and advanced information ...
