## ~~Repair Manuals~~

I have finally had the time to install my StopTech BBK front and rears on my 04, problem I found is that the parking cable adapter (sliver ring) that attaches to the caliper (mine is black opposed to the silver looking one in the instructions) seem too big, such that the groove for the holding clip cannot be installed.

StopTech has had several sets of rotors run entire 24 hour races on winning cars. StopTech did extensive testing before settling on our final top-secret formula. To test rotor durability, we rented the California Speedway and ran a heavily weighted down car with StopTech rotors on one side and a competitor's rotors on the other.
