In his manifesto of surrealism André Breton define surrealism as "a proper psychic automatism through which we express in a way or another the real fonctionnent of the thought. Out of the reason control, esthetic and moral dictate" The key concep...

Surrealism Key Concepts

Surrealism: Concepts, Styles, and Trends. Surrealism shared much of the anti-rationalism of Dada, the movement out of which it grew. The original Parisian Surrealists used art as a reprieve from violent political situations and to address the unease they felt about the world's uncertainties.

Surrealism - The Movement and Artists Who Defied Logic

In theoretical terms surrealism is constituted both as an epistemology and as a set of practices. The surrealist movement, throughout its long history and its many participants, has developed its epistemological means with the aim of provoking revolutionary change in life and in the world.

Surrealism | Definition, Artists, & Facts | Britannica

Key Ideas & Accomplishments : André Breton defined Surrealism as "psychic automatism in its pure state, by which one proposes to express - verbally, by means of the written word, or in any other manner - the actual functioning of thought." What Breton is proposing is that artists bypass reason and rationality by accessing their unconscious mind.

Objective chance | Surrealism: Key Concepts | Taylor ...

Surrealism was a movement in visual art and literature that flourished in Europe between World Wars I and II. The movement represented a reaction against what its members saw as the destruction wrought by the "rationalism" that had guided European culture and politics previously and that had culminated in the horrors of World War I.Drawing heavily on theories adapted from Sigmund Freud ...
