~~Department of Computer Science~~

The department of Computer Science at Aarhus University is strong in both theoretical and experimental Computer Science research. The department runs two degree programs, one in "computer science" and one in "it-product development".

~~Department of Computer Science~~

The Department of Computer Science (IDI) conducts research in the fields of: artificial intelligence (AI), big data, computer architecture, computer graphics, computer security, databases, human computer interaction (HCI), information systems, operating systems, software engineering, and search-to name a few.

Our Department. The Department of Computer Science at the University of Toronto is among the best in the world. Our faculty are world leaders. We offer outstanding research opportunities for undergraduates, a tremendous selection of computer science courses and programs, and unparalleled academic options in the Faculty of Arts and Science.

~~The Department Of Computer Science~~

Computer science is the study of processes that interact with data and that can be represented as data in the form of programs. It enables the use of algorithms to manipulate, store, and communicate digital information. A computer scientist studies the theory of computation and the design of software systems.. Its fields can be divided into theoretical and practical disciplines.

Department of Computer Science (Institut for Datalogi) at Aalborg University (AAU) offers educations and conducts world-class research in the fields of e.g. embedded software systems, data-intensive systems, artificial intelligence and human-centered computing.

~~Department of Computer Science DIKU – University of Copenhagen~~

Computer science: As Moore's Law slows down, the Insight Architecture Lab accelerates. Adwait Jog, an assistant professor in William & Mary's Department of Computer Science, is working to make computers more efficient by improving the architecture of the machines, necessary for computational handling of projects ranging from machine learning to genomics.
