Famous people of the Industrial  
Revolution | Biography Online  
The Industrial Revolution, in this sense,  
has been a worldwide phenomenon, at  
least in so far as it has occurred in all  
those parts of the world, of which there  
are very few exceptions, where the  
influence of Western civilization has  
been felt.

The Industrial Revolution. The planting of clover and turnips following the crops of wheat and barley helped replace nutrients in the soil, and therefore helped produce better crops the following year. The clover was used as a nutritious summer food for livestock, while turnips could be fed to animals in winter.

Amazon.com: The Industrial Revolution: A Very Short ...

The Industrial Revolution (roughly 1760 to 1850) was a turning point in world history, for it inaugurated the era of sustained economic growth. The Revolution was not the abrupt discontinuity that its name suggests but was the result of the transformations of the early modern economy discussed in the last chapter.
