The Invention of the Restaurant: Paris and Modern ...

To find the answer, Rebecca Spang takes us back to France in the eighteenth century, when a restaurant was not a place to eat but a quasi-medicinal bouillon not unlike the bone broths of today. This is a book about the French revolution in taste—about how Parisians invented the modern culture of food, changing the social life of the world in the process.

The Invention of the Restaurant: Paris and Modern ...

The Invention of the Restaurant explains that the first restaurants were providers of health food, especially in soup form, hence the name 'restaurant', from the verb 'to restore', namely restore one's health. The attraction was thus born of ancien régime sensibility and the Rousseau-ist craze for natural things.

The Invention Of The Restaurant

This is a book about the French Revolution in taste and of the table—a book about how Parisians invented the modern culture of food, thereby changing their own social life and that of the world. During the 1760s and 1770s, those who were sensitive and supposedly suffering made public show of their delicacy by going to the new establishments known as “restaurateurs’ rooms” and there sipping their bouillons.

The Invention Restaurant - Home - Milan, Ohio - Menu ...

The Invention of the Restaurant concerns the emergence of the restaurant as public space and the concomitant development of an authentic discourse and doctrine of gastronomy which has its adherents to this day. Gastronomic skills have been part of the definition of gentlemanliness for more than a century, in Britain as in France; Dorothy L. Sayers's renowned detective hero, Lord Peter Wimsey, was an epicure, and wine-tasting is nowadays a popular activity of many middle-class couples, for ...

The pneumatic railway: Inventor Alfred Ely Beach unveiled the first air-propelled train (and technically new York’s first subway) in 1870. The car was pushed by a 20- ton fan along one block ...

The Invention of the Restaurant: Paris and Modern ...

Spang, in this fun (but occasionally dense) bit of popular history, goes back to original sources to identify the restaurant's beginnings in 18th Century France — not during the Revolution, as is sometimes reported, but decades prior. As it turns out, before a "restaurant" was a place to eat it was a thing to eat.
