This MB game comes with a plastic "board". Its size is dictated by the three randomizing discs embedded in its base, which are used to generate a new playing area every time (there are 1,728 (12^3) different setups possible). You buy properties, drill for oil, link properties with pipelines so as to collect royalties and try to be the richest player.

All in all "The King of Oil" is a fast and light read, interweaving a compelling story of political intrigue with the twentieth century development of global commodity markets. It is easy for an idealistic public to take a sensationalized view of Marc Rich, but not so easy to see how the wheels of trade would turn without men like him behind the scenes.
