It's easy to confuse the broader retail merchandising plan with visual merchandising. But visual merchandising is only that part of the retail merchandising plan which includes rearranging merchandise, shelving, and fixtures to maximize sales as well as maintaining the cleanliness and functionality of the store fixtures, signage, and lights.

www.icsc.com

Visual merchandising consists of mainly two techniques; interior and exterior displays, also known as in-store design and window displays. The goal of these two techniques is to attract the attention of consumers, entice them into the store, to keep them in the store as long as possible, and influence purchasing decisions.
